PROFILTRA PIGMENTS

Profiltra is a supplier of high quality organic pigments for a wide field of applications.

With offices in the Netherlands and China we are ideally located to serve our international customers quickly and efficiently. Our specialists have many years of experience in the production and processing of pigments, which enables us to select the best pigment for each application from our extensive range of pigments.

With our own laboratory in China for product development and quality control in combination with our close contacts with pigment manufacturers we are able to offer customized solutions.

Our warehouse facilities in Europe and China allow us to offer efficient and flexible logistic service giving added value to our customers' supply chain.

Based on this concept Profiltra has been a reliable partner for the industry for almost 75 years.
